SUMMARY

Motivated Information Technology graduate with a Diploma from Bharati Vidyapeeth and currently Pursuing 3rd year of B.Tech in Computer Engineering from Vidyalankar Institute of Technology. I have strong hands-on experience in web development using PHP, MySQL, JavaScript, and React, and have worked on real client-based projects, including developing and delivering a complete e-commerce website. I have also built systems like job portals, labor management systems, attendance tracking, and real-time chat applications. I am eager to apply my technical skills, problem-solving ability, and practical project experience in a challenging role where I can contribute to organizational growth while continuously improving my skills.
