EDUCATION

Vidyalankar Institute Of Technology **2025-2028**

Bachelor Of Technology - Computer Engineering
Mumbai University
Pursuing 3rd Year
CGPA : 9.95

Bharti Vidyapeeth Institute Of Technology **2022-2025**

Diploma In Information Technology
Maharashtra Board Of Technology (MSBTE)
Completed
Percentage:93.19%

SKILLS SUMMARY

- **Languages:-** Python,PHP,C++,Javascript,SQL,Java
- **Frameworks:-** React.js, Node.js,Express.js,XGBoost,Scikit-Learn
- **Tools:-** GIT,PostgreSQL,SQLite,MySQL,VSCode,Google Colab,Android Studio
- **Soft Skills:-** Leadership,Communication,Problem Solving,Adaptability

EXPERIENCE

Data Science with Python Apprentice Intern - YuvaInterna

- Completed a 5-week virtual internship focused on Python, data analysis, data wrangling, EDA, and machine learning fundamentals.
- Worked with datasets for data cleaning, preprocessing, analysis, and ML model implementation.

AI & Machine Learning Training Program — Larsen & Toubro (L&T)

- Completed an AI/ML training program involving practical machine-learning projects.
- Worked on Industrial Machine Failure Prediction and Parkinson's Severity Prediction using XGBoost.

Freelance Web Developer

- Developed websites for real-world clients/businesses using modern web technologies.

PROJECTS

GSTGuard - AI-Powered GST Compliance & Risk Detection System

- Developed an AI-powered GST platform for invoice extraction, validation, and compliance risk detection.
- Implemented OCR, multilingual AI processing, RAG, and automated Purchase Register–GSTR-2B matching.
- Built secure multi-tenant authentication, RBAC, review workflows, and audit tracking.

GitGlow - Real-Time Collaborative 3D Architecture Sandbox

- Designed a 3D platform for visualizing and collaboratively modeling software system architectures.
- Implemented concepts using React, Three.js, React Three Fiber, Node.js, Socket.io, and Yjs.
- Designed real-time collaboration, code-to-3D architecture, live system logs, and failure visualization.

Beauty Point - Full-Stack E-Commerce Platform

- Developed a full-stack cosmetics e-commerce platform using React, Node.js, and Supabase.
- Implemented authentication, product management, cart, orders, and admin dashboard functionality.
- Deployed a production-ready application with customer and administrator workflows.
